### Young Researchers Forum:

Prestigious Award for Young Research's at **Emerging Materials 2020**- Discovering New Exploration in Materials Sciences field

Materials Sciences Conference Committee is glad to announce the "Global Conference on Emerging Materials on November 16-17, 2020 in Paris, France by a focus on the theme: "Unearthing the Advancements in Material Science". Emerging Materials 2020 developments are maintaining their momentum. Healthcare Science Conference program delves into strategic discussions.

### Emerging Materials 2020 Young Scientist Awards:

Materials Sciences Conference Committee would be glad to give prestigious awards for talented young researchers, scientists, Young Investigators, Post-Graduate students, Post-doctoral fellows, Trainees, junior faculty in recognition of their outstanding contribution towards the conference theme. This platform provides a strong professional development opportunity for early career academicians by meeting experts to exchange and share their experiences on all aspects of Materials Sciences.

Awards for Young Researchers at Emerging Materials 2020: Young Researcher Forum - Outstanding Masters/Ph.D./Post Doctorate thesis work Presentation, only 25 presentations acceptable at the Environmental Emerging Materials 2020 young research forum.

### Benefits:

- Young Scientist Award recognition certificate to the winners.
- Our conferences provide the best Platform for your research through oral presentations.
- Improve your career with all the latest technologies through networking.
- Young Scientists will get appropriate information by this Forum.
- A platform for collaboration among young researchers for better development.
- Opportunity to interact with the senior investigators across the globe in the field.

- Share your ideas with both eminent researchers from across the globe.
- It's an opportunity for young researchers to learn about new researches in the field for expanding their research knowledge.

### Eligibility:

- Young researchers, Post-Graduate students, Post-doctoral fellows, Trainees, junior faculty with a minimum of 5 years of research experience
- The presentation must be into scientific sessions of the conference.
- Each Young Researcher / Scientist can submit only one paper (as first author or co-author).
- Age limit-Under 35yrs
- All submissions must be in English.

### Criteria for Selection:

- Showcase your research through oral presentations.
- Develop your career with the latest research and technologies in your field.
- This forum will give appropriate information to those who conduct research and those who use it.
- Build a foundation for collaboration among young researchers.
- The forum will provide an opportunity to interact with senior investigators across the globe in the field.
- Share your ideas with both eminent researchers from across the globe.
- It's an opportunity for young researchers to learn about new researches in the field for expanding their research knowledge.
- Opportunity to gain more education and improve your career in the field.

### Awards & Rewards:

- Showcase your research through oral presentations.
- Develop a career with the latest research and technologies in your field.
- This forum will give appropriate information to those who conduct research and those who use it.
- Build a foundation for collaboration among young researchers.

- The forum will provide an opportunity to interact with senior investigators across the globe in the field.
- Share your ideas with both eminent researchers from across the globe.
- It's an opportunity for young researchers to learn about new researches in the field for expanding their research knowledge.
- Opportunity to gain more education and improve your career in the field.
