

“International Conference on Smart Materials and Nanotechnology”

We would like to thank all of our wonderful keynotes, speakers, conference attendees, students, associations, media partners and guests for making Smart Materials Congress 2020 a successful and splendid event.

Allied Academies hosted the joint event of “International Conference on Smart Materials and Nanotechnology and 3rd International Conference on Material Science and Chemistry” on July 23, 2020 as a Webinar with the theme “Unveiling the advancements and Innovations in the emerging field of Smart materials and Nanotechnology”. Benevolent response and active participation was received from the Editorial Board Members of supporting International Journals as well as from the leading academic scientists, researchers, research scholars, students and leaders from the field of Material science and Nanotechnology who made this event successful.

The conference was marked by the attendance of young and brilliant researchers, business delegates and talented student communities representing more than 18 countries, who have driven this event into the path of success. The conference highlighted through various sessions on current research.

Smart Materials Congress 2020 witnessed an amalgamation of peerless speakers who enlightened the crowd with their knowledge and confabulated on various new-fangled topics related to the fields of Material Science and Nanotechnology.

The meeting was carried out through various sessions, in which the discussions were held on the following major scientific tracks:

- Smart Materials
- Nanotechnology
- Material Science and Engineering
- Applications of Smart Materials
- Material Synthesis & Characterization
- Advanced Materials
- Applications of Nanotechnology
- Smart Control Systems
- Polymer Science and Engineering
- Optical and Electronic Smart Materials
- Bioinspired and Biomimetic Materials
- Nanomedicine
- Nanotechnology in Neuroscience
- Tissue Engineering
- Green Nanotechnology
- Drug-delivery Systems
- Nanophotonics
- Nanolasers
- Nanorobotics
- Wearable technology
- Shape Memory Alloys and Polymers

The conference proceedings were carried out through various Scientific-sessions and plenary lectures. The conference was embarked with an opening ceremony followed by a series of lectures delivered by both Honourable Guests and members of the Keynote forum. The adepts who promulgated the theme with their exquisite talk were;

Sitaram Dash | Vellore Institute of Technology | India

Azouani Rabah | Ecole de Biologie Industrielle | France

The event enlightened various areas of Smart Materials and Nanotechnology Research with Workshops and Poster presentation by:

Marina Parras | Universidad Complutense | Spain

We are also obliged to various delegate experts, company representatives and other eminent personalities who supported the conference by facilitating active discussion forums. We sincerely thank the Organizing Committee Members for their gracious presence, support, and assistance towards the success of Smart Materials Congress 2020.
