

## The International conference on Advanced Materials Science and Engineering – Award Materials Congress 2020

Krishanthi Karunarathne

Government Analyst Department, Sri Lanka, E-mail: [krishanthikaru@gmail.com](mailto:krishanthikaru@gmail.com)

### Expert Level (Scientific Service Achievement Award)

- The award to the experts who have made outstanding contributions to advancing in [Materials Science](#) and Nano Technology.

It is the foremost prestigious award of the total conference and is labelled as scientific service action award.

The eligibility criteria for achieving this award is that one should have minimum of 20+ years of experience in the Material Engineering, Nano Technology, Polymer Engineering, Bio [Materials Green Technologies](#) in public or private sector. The receiver of this award should have a dedicated fascination and should take initiative in researching the recent trends and developments towards the related subjects.

You can nominate worthy of the award through on-line.

### Professional Level (The Research Contribution Award)

- The Award for professional or academic research activity acquired in Materials Science and [Nano Technology](#) research field in the public or private sector for experts having research knowledge at 10+ years in the field of Materials Science with most relevant accomplishments. Part-time research experience would be counted as pro-rata. It is calculated starting from the date when you obtained the (first) degree entitling you to embark on a doctorate (either in the country in which the degree was

obtained or within the country during which the scientist is recruited), even if a doctorate was never started or envisaged.

This award recognizes an individual who has made significant contributions to the field of Materials Science and Nano Technology.

You can nominate worthy of the award through on-line.

### Scholar Level (The Upcoming Researcher Award)

- The conference offers Scholar Level Award for the upcoming scientists, researchers and experts having 10+

years research experience in the field of Materials Science and Nano Technology. Our conference would like to provide best platform to expand your network by sharing your research knowledge at stage. [Presentation](#) includes 25-30 minutes of oral talk on the scientific research topics based on the theme of the conference along with 5 minutes panel discussions. You can nominate deserving of the award through online.

### Women Scientist (The Women of Science Award)

- The Materials Congress 2020 [Awards](#) will designate outstanding women researchers and Scientist. Our Conference provides a unique platform for women scientists for presenting latest research projects with an in-depth analysis. We cordially invite women scholars and scientists from Universities/ Industries to who have 10+ years of research experience to join the forum. We are happy to encourage our women scientist's participants through research awards and provide assistance for women scholars in career development and research guidance through our collaborations.

Women mortal will nominate worthy of the award through on-line.

For Women International Awards identify and support eminent women in Materials Engineering and Nano Technology field throughout the world.

### Outstanding speaker in Materials Congress 2020

- This award is recognizing for individual who will present their projects, strategies, and schemes that have been implemented to improve long-term excellence in Materials Science. This award recognizes individuals for outstanding contributions in Material Engineering, Nano Technology, Polymer Engineering, [Bio Materials](#) Green Technologies. You can nominate deserving of the award through online

### Best Keynote Speaker in Materials Congress 2020

- This award is recognizes for best Keynote speaker who will present their projects, strategies, and schemes that have been implemented to improve long-term excellence in Materials Science. This award is presented to honor individual outstanding Keynote speaker in the cause of Materials Science and Nano Technology that has been performed with an international perspective and with international impact. If you were confirmed as

keynote presenter from the program manager, you can nominate someone deserving of the award through online.

#### Best Poster Presentation in Materials Congress 2020

Student Poster Competition is organized at Conference, to encourage students and recent graduates to present their original research.

All accepted abstracts are going to be given at the poster sessions throughout the conference.

Conference Series aims at setting a platform for all the budding [scientists](#) and researchers to gift their time period work and share their views and aspects associated with the theme

of the conference. You can nominate someone deserving of the award through online. Posters are judged by members of the OCM and consideration is given to scientific rigour, contribution to the field, relevance to the conference theme and overall presentation.

#### Outstanding Masters/Ph.D./Post Doctorate thesis work Presentation in Materials Congress 2020

- This award is recognizing for Masters/Ph.D./Post Doctorate thesis work Presentation who will present their projects and thesis that have been implemented to improve long-term excellence in the field of Materials Science. This award is presented to stimulate, acknowledge, and reward outstanding educational efforts by Material Engineering, Nano Technology, [Polymer Engineering](#), Bio Materials Green Technologies professionals. You can nominate deserving of the award through online. You can nominate someone deserving of the award through online.

#### Importance of Awards

Awards can help garner a significant amount of visibility in a certain market or industry, and attract new customers, investors and donors by giving an organization an edge over its competitors. Validate. Awards speak volumes about a company's products or services and substantiate their credibility.
