Young Researchers Forum - Young Scientist Awards Materials Science 2020

Lexis Conferences invites the participants from all over the globe to take part in “**International Conference on Materials Science**” during **March 27-28, 2020** at **Madrid, Spain**. The conference focuses on the theme: “*Modern Practices and Advanced Technologies in Materials Science and Engineering*”. Scientific sessions designed for this conference will assist the attendees and participants to learn extremes.

[Materials Science 2020](#) is an international platform for presenting research on Materials Science, exchanging thoughts and thus, contributes to the propagation of information in both the academia and business.

The Conference mainly focuses on developing product-related [technologies](#) with rapid advancement in research in recent years. The [Materials](#) Science and [Engineering](#) conferences, importance and significance can be gauged by the fact that it has made huge advancements over the course of time and is continuing to influence various sectors.

Prestigious Award for Young Researches at Materials Science 2020 - Discovering New Exploration in the field of Materials Science

Young Research Awards at Materials Science 2020 for the Nomination: Young Researcher Forum - Outstanding Masters/Ph.D./Post Doctorate thesis work Presentation, only 25 presentations acceptable at the Materials Science 2020 young research forum.

Benefits:

- Young Scientist Award recognition certificate and memento to the winners.
- Our conferences provide best Platform for your research through oral presentations.

- Learn about career improvement with all the latest technologies by networking.
- Young Scientists will get an appropriate and timely information.
- Platform for collaboration among young researchers for better development.
- Provide an opportunity for research interaction and established senior investigators across the globe in the field.
- Share the ideas with both eminent researchers and mentors.
- It's a great privilege for young researchers to explore more in the research areas for expanding their research knowledge.

Eligibility:

- Young Investigators, Post-Graduate students, Post-doctoral fellows, Trainees, Junior faculty with a minimum of 5 years of research experience
- Presentation must be into scientific sessions of the conference.
- Each Young Researcher / Young Scientist can submit only one paper (as first author or co-author).
- Age limit-Under 35yrs
- All submissions must be in English.

Materials Science 2020 provides best platform to expand your network, where you can meet scientists, authorities and CROs from around the world. It's your time to grab the opportunity to join Materials Science 2020 for promoting your research article and to facilitate prestigious award in all categories. In this fame, we look forward for your contribution and astonishing dedication to make our Materials Science 2020 more successful.

The prize winning papers will be considered for publication in the international journals once the paper is subjected to standard review procedures.

How to apply

Candidates applying for the Young Researcher Award should send their resume, and a letter of recommendation (from a research adviser for students or a senior faculty member) to materialsscience@eventqueries.com along with the online application form below.
