

Editorial Note for Analytical Chemistry: An Indian Journal

I am pleased to mention that Analytical Chemistry: An Indian Journal is an open access journal that publishes original research articles, review articles as well as letters in all areas of analytical chemistry. For last 19 years, Analytical Chemistry: An Indian Journal is having a great support and leading in world publication of peer reviewed novel research that transforms chemical practices and specialised and scope on all issues of volume 19 were published online well within the time and the print issues were also brought out and dispatched within 30 days of publishing the issue online. The journal is intended to provide a platform for scientists, academic researchers, students at research institutes, universities, and other educational establishments and analysts working in industry, agriculture, medicine services to discuss various new issues in Analytical chemistry.

Analytical Chemistry: An Indian Journal is a broad-based, peer reviewed periodically devoted to publication of original research. It has 25+ Million Reader Base from all around the world

The Analytical Chemistry: An Indian Journal Impact factor 0.95* while the current SJR index dropped to: 3.239. Analytical Chemistry: An Indian Journal ranked first among all journals in the field of Chemical Sciences.

During the calendar year 2019, Analytical Chemistry: An Indian Journal received a total of 16 papers, out of which 7 articles were rejected in the preliminary screening due to plagiarism or being out of the format and peer review process. During 2019 around 9 articles were subjected for publication after they are accepted in the peer review process. In the 2 issues of Volume 19 published during the year 2019, a total of 10 articles were published (at an average of 4 articles per issue) of which, articles were published from authors all around the world. A total of 42 research scientists from all over the world reviewed the 9 articles published in volume 19. Average publication lag time of an article was further reduced to 2-3 weeks.

During the calendar year 2019, a total of 40 Editors, 25 Reviewers joined the board of OHDM and contributed their invaluable services towards contribution as well as publication of articles.

I take this opportunity to acknowledge the contribution of (Dr. Muhammad Ovais) during the final editing of articles published bringing out issues of Analytical Chemistry: An Indian Journal in time I would also like to express my gratitude to all the authors, reviewers, the publisher, the advisory and the editorial board of Analytical Chemistry: An Indian Journal of Experimental Chemistry, the office bearers for their support in bringing out yet 20th volume of Analytical Chemistry: An Indian Journal and look forward to their unrelenting support to bring out the Volume 20 of Analytical Chemistry: An Indian Journal in scheduled time.
